## OUR VISION

**PROTECTING  
YOUR  
INVESTMENT**

# WHY CHOOSE US

---

Your surfaces are now vibrating with activity at the molecular level. Pulling odor, stains, and more out of the surrounding environment. What makes us different is that unlike regular Titanium Dioxide coatings we work at night, underwater, or in areas that don't receive direct sunlight. Meaning these little active hydroxyls keep working 24/7. Clean shields is Non-Toxic, PFAS/PFOA Free and requires no PPE to apply.

# WHAT WE DO

---

Our Clean Shield technician will come in and apply protection to any and all surfaces you choose. We guarantee 99% effectiveness including

- Not affected by the 7 families of cleaners.
- We provide an unmatched level of stain resistance
- Cools treated surfaces by up to 20%
- Eliminates Pet Urine odors and Protects against future stains and odors.

## CLEAN SHIELD

*How clean is  
the air you  
breathe?*

# OUR FUTURE PLAN

---

We look forward to building a lasting relationship with all of our clients. We guarantee VOC Elimination, Hydroxyl Activation and Scrub. Clean Shield absorbs odors and converts it to a pure oxygen molecule.

Clean shield will also protect your flooring from pet stains and odors, red wine, mud and any other spots, smears and splatters life can dish out.
